

Cryptoboard Privacy Policy

v1.0.0 — August, 2018

Cryptoboard is a web application developed by Bitwise Operator (registered in The Netherlands). In this Privacy Policy, we try to explain as clearly as possible how we make use of cookies and how we handle personal data.

Cookies

Cryptoboard uses a session cookie to maintain your user session.

Cryptoboard uses a XSRF-TOKEN to secure forms.

Cryptoboard uses cookies for Google Analytics, a service which sends website traffic data to Google servers in the United States. Google Analytics does not identify individual users or associate your personal data, such as IP addresses, with any other data held by Google. We use reports from Google Analytics to better understand our traffic and usage of Cryptoboard.

External Services

Cryptoboard uses Mailgun for sending email.

Cryptoboard uses Stripe to create credit card transactions.

Personal data

Cryptoboard may save the following personal data:

- Email address
- Credit card details (the card brand and last four digits of your card number)
- Activity logs

Your rights

You have the right to request changes to your personal data. You have the ability to update your personal data. You also have the right to ask Cryptoboard to access, rectify or delete your personal data, according to European GDPR.
